May the Lord always Shower ~~His~~ blessings to you and your family.

I am very happy and proud to say that "THANK YOU" very much for your continuous support for my studies herein. Until now I finished my high school grade and I am very proud of being you as my parents. I am hoping that you can give me another chance to continue my studies in college. I would not promise to make it the best but I promise to make it ~~it~~. Better. Praying you that God may give you more strength and blessings.

May God Bless you always

Respectfully yours,

Francis Margareth B. del Rosario

My parents extend their
